

About Heatherdale

We started as a pedigreed cavy showing and breeding hobby (HeatherdaleCavies.com), saw a need for attractive, low cost show awards, then expanded to include business and hobby logo items, gifts and personalized apparel.

We use a Brother 4000D embroidery machine and can make designs up to 7 x 12 inches. We have extensive stock designs including all 37 breeds of rabbits, 13 cavy breeds, dogs, cats, horses, etc. All the garments we use are the best quality for their price and have been tried and tested by a long-suffering group of cavy fanciers!
